

77th Session of the General Assembly
Sixth Committee

Agenda item 78: Crimes against humanity

Austria considers an Ad Hoc Committee for the intersessional period as a suitable forum for open and constructive deliberations. We hope that these discussions can lead to the consolidation of agreement on certain points. In order to achieve this objective, there must be a clear timeline for the work of the Ad Hoc Committee and for the further consideration by the Sixth Committee. We think that the zero draft resolution put forward by MX together with others reflects the preferred way forward as expressed in [redacted] in a balanced manner. Let us continue our debate and try to find consensus around this draft.

Thank you.
