

Sixth Committee, 78th Session

Item 77:

**Report of the United Nations Commission on International Trade Law
on the Work of its Fifty-Sixth Session**

Statement delivered by

Canada

October 16, 2023

Thank you for this opportunity to present Canada's comments on the work of UNCITRAL and its 56th session.

First of all, Canada would like to congratulate the Commission on concluding a number of important projects. Canada considers **UNCITRAL's** work to be of great value and reaffirms its continued support for UNCITRAL and its mission to develop

UNCITRAL's work on a detailed study on the aspects of international trade law related to voluntary carbon credits. Once again, we are pleased that this exploratory work will involve further collaboration with UNIDROIT as well as with the many other organizations with relevant expertise and Member States of the United Nations, in particular developing countries.

In terms of future work, Canada rec
