Sign each child's name and date at the beginning of this page, and the parent's name at the end of this page. Create a class space, expect for physical behavior. Key points to be made. Ad it is acceptable to use this space to write. This space is for writing, if you are not writing, please do not write. The page is for writing, if you are not writing, please do not write.

Chapter III. Science, Technology and Digital Literacy

The gender bias in STEM fields is a major barrier to the advancement of women in science, technology, engineering, and mathematics. A major goal of this chapter is to address this issue and to provide strategies for promoting gender equity in STEM fields. We need to create a more inclusive environment for women in STEM fields.

Not only is there a gender gap in digital literacy, but there is also a digital divide between those who have access to digital technology and those who do not.
